Culver's of Westland is a long term user of Four Star Health and mentions often that Four Star really helps their bottom line - by making employees jobs more valuable.

Area wide Eligibility.

Wayne County Four Star Health coverage is available to Wayne County businesses with 2 to 100 employees when 50% of their employees reside here.

Eligible employees must not have participated in an employer sponsored health plan in the last 12 months and half of the group must earn \$16.00 or less per hour.

Or, if you have group coverage that has significantly risen in cost, you may also qualify. Coverage is available to employees, spouses, and qualifying children. Call to be sure.

Affordable.

The Wayne County Four Star Health program is a non-profit organization, created to provide health coverage for the working uninsured in Wayne County.

It is known as a 'three-share' program because the employer, the employee, and the non-profit fund each share the monthly premium. The coverage offered is a great value for the cost.

Four Star Health positively affects the lives of your employees - and also your bottom line. Employees miss less work - because they are healthier - and they value their job more.
