

Help your students keep their parts covered.

As a school administrator you have a lot of students to look after - and the last thing you want is a student body that doesn't have health coverage - especially those over 25.

Recently, Wayne County teamed up with the four leading hospitals in the area to offer low cost full featured student health coverage for students in a wide range of ages - that really works and is really easy to afford.

We all share the costs, so students only pay a small portion of the expense. If a student lives in Wayne County and is enrolled in 6 credit hours* or more in an area school - and is between 18 and 64 - chances are they qualify.

If they are back at school for a new career - or just with you for the first time - Wayne County Four Star Health can help everyone worry less.

Wayne County Four Star is currently looking for ways to get this information out to your students. We have ads running in many local college newspapers and have an informational web site and booklet that spells out the program.

We need your help. Let your uninsured students know that this program is available - especially those back for a new career. Recommend they look at the Wayne County Four Star web site. And please call us to request additional quantities of an informational flyer.

Wayne County Four Star Health is a shared expense health coverage that is perfect for older students without health care coverage.

*6.0 credit hours toward a degree program or equivalent to 6 or more classroom hours per week attended

The Four Star Fund

Health care that helps your school.

If any of your students qualify and end up enrolling in Wayne County Four Star Health, your school receives a referral incentive of \$20.00.

The incentive is calculated and your school receives a one time check from Wayne County Four Star Health to use to better student life in any way your administration deems appropriate.

<http://www.waynecountyfourstar.org>
for more information

Only minimal verification required:

- The student must reside in Wayne County
- Currently enrolled for a minimum of 6 credit hours*
- Currently between the ages of 18 and 64
- Earning under \$30,000 per year

The procedure is easy.

Your school chooses how to contact your students about Wayne County Four Star. Your students respond to you that they are interested. Someone on your staff - or the student fills in the "I'm interested" form - at:

<http://www.waynecountyfourstar.org/student>
Wayne County Four Star then contacts that student, providing all the information they need to make an informed decision.

For every student that Four Star Health enrolls using our referral program - the school receives a single \$20 credit as result of the referral.
